From the statements received it is observed that there are 94 vaccinators in the province (7 first class, 36 second class + 51 third class) of them, 19 vaccinators are temporarily employed. The Sanitary Commissioner requests orders to confirm them. 8 of them have been acting for more than 3 years.

10 In the budget estimate for the year 1912-13 provision has been made for 2 public vaccinators and 89 vaccinators. The appointment of two medical men as public vaccinators was sanctioned in the place of the 6 vacancies amongst the vaccinators. The medical men as vaccinators have not been appointed. If the temporary vaccinators are confirmed then they will have to be met out of the provision of Rs 840/- made under "III District Charges 38-4, Leave allowance to public vaccinators" in the current year's Sanitary budget and the number increased from 89 to 94.

B a n g a l o r e .

SIR,

In reference to Government Order No. 10-11 Sany./30-, dated the 1st July 1912, I have once again to reiterate the fact that it is hopeless to expect to get Sub Asst. Surgeons in numbers enough to fill up the vacant places of Sub Assistant Surgeons and to be available for employment as Public Vaccinators.

To my mind the latter proposal is sure to turn out a chemerical one and by no means a practical one.

Under the circumstances I have the honor to solicit the very earliest orders of the Government to confirm all the vaccinators who have now been acting - some of them for years past. For want of confirmation they are getting disheartened and this will lead to demoralisation in the Department.

I have the honor to be,
Sir,
Your most obedient servant,
